

Trage die Namen „Sattelgelenk, Scharniergelenk, Kugelgelenk“ ein.
Male jeden Rahmen in einer anderen Farbe aus.
Ordne anschließend alle Gelenke den Farben entsprechend zu und male sie an.

The diagram shows the skeletal structure of the human arm and hand. Labels on the left side identify the following joints:

- Schultergelenk (Shoulder joint)
- Ellenbogengelenk (Elbow joint)
- Handgelenk (Wrist joint)
- Fingergelenke (Finger joints)

To the right of the arm diagram, three specific joint types are illustrated vertically:

- The top joint is a ball-and-socket joint (Kugelgelenk).
- The middle joint is a hinge joint (Scharniergelenk).
- The bottom joint is a saddle joint (Sattelgelenk).

Next to each of these three joint illustrations is a horizontal rectangular box for labeling:

- Box next to the ball-and-socket joint.
- Box next to the hinge joint.
- Box next to the saddle joint.
